PRINCIPAL JAMES J. RICHARDSON

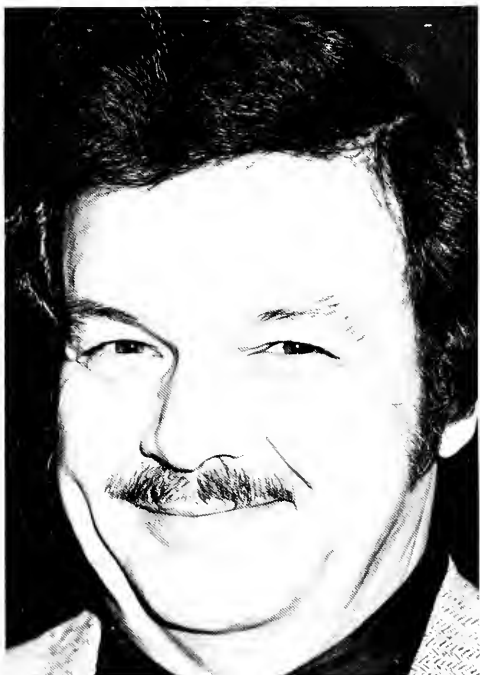

As we leave the decade of the seventies and enter the eighties, Blackhawk Middle School completes ten years of Service to the Community. It has been a positive influence in the lives of thousands of students during this span of time. As we approach the decade of the eighties, we can expect changes at Blackhawk Middle School. With these changes will come opportunities. It is my hope the students of the eighties will take advantage of these opportunities to enrich their lives and thus be prepared to contribute to the betterment of the community and the world.
